Subject: Upper Animas

Just spoke with Brent and BLM management is in agreement with EPA's site management strategy for the Upper Animas. Brent mentioned that BLM may have done a PRP search on the American Tunnel and they are looking in their records for that. They would like copies of our PRP search and 104(e) information if possible. I think Ann Umphres will be contacting you Richard to discuss this request.

Note: I don't have Ann's email or other contact information so I couldn't copy her on this email.

Thanks.

Paula Schmittiel
